MOTHERS' CLUB

MET MONDAY AFTERNOON WITH MRS. M. H. BORRUSCH.

ADDRESS BY ORGANIZER

Of the State Who Has Been Engaged in Work the Past Thirteen Years.

The meeting of the Mothers' club at the home of Mrs. M. H. Borrusch of South Main street Monday afternoon was not well attended, owing to illness of some of the members and among many who wished to attend.

However, those who were present heard one of the best addresses that the most enthusiastic could wish to hear in regard to the work of the Mothers' club. Mrs. Nona Weeks of Kansas City was the speaker of the afternoon. She has been the state organizer in Missouri for the Mothers' Congress for the past thirteen years and is thoroughly conversant with the motive of the work and with the methods for securing the object for which it is organized.

The Maryville Mothers' club is affiliated with the Mothers' Congress and has access to all the literature published especially for its work and the instruction of its members, and is also enabled to secure the best speakers obtainable.

The Mothers' club will work in unison with the teachers of the public schools in meeting the problems that affect the morals of the children, and will seek to in every way possible improve the surroundings of every child, and help each one to grow up into clean, strong, moral and physical manhood and womanhood.

Mrs. M. J. Smith of Kansas City was present at Monday's meeting and also gave a good talk.

The officers and members of the Maryville club are Mrs. Eugene Ogden, president; Mrs. Jesse Miller, vice president; Mrs. F. W. Olney, secretary; Mrs. William Everhart, treasurer. Mrs. Luther Forsyth, Mrs. M. H. Borrusch, Mrs. Charles Parcher, Mrs. W. H. Allen, Mrs. J. W. Bookman, Mrs. T. W. Costello, Mrs. Jesse Fisher, Mrs. Carl Murray, Mrs. John Moore, Mrs. George Moore, Mrs. Walter W. Wiles and the two new members taken in Monday, Mrs. W. A. Burris and Mrs. D. E. McDonald.

It is the plan of the Mothers' club to hold a large public meeting at the high school at no distant day and secure a speaker of eminence to present the importance and scope of the Mothers' club.

COMES AFTER WIFE, LANDS IN A CELL

(St. Joseph Gazette.)

Loren Smith, 29 years old, who says that he is a liveryman at Maryville, came to St. Joseph Saturday night and applied to the police for help in finding his wife and an alleged affinity with whom Smith says she eloped. The police later learned that a couple answering their description had boarded a train for St. Louis.

Smith departed, ostensibly for the purpose of following them, but was led back to the station a few hours later "gloriously drunk," as a police report has it, having been picked up at Sixth and Messanie streets by Patrolmen Vanhoozer and Busch.

J. C. Rhoades, 62 years old, another Maryville man, also landed in a police cell when he ran amuck in South Park with a pair of shears which he said he wanted to sharpen. People in a house at Twentieth and Commercial streets were terrorized and others fled from the Maryville man until Patrolman Pickle took him in tow.

D. G. PHILLIPS SHOT

MAGAZINE WRITER IS VICTIM OF INSANE MUSICIAN.

IN SERIOUS CONDITION

Was Shot Six Times by Fitzhugh Goldsborough, Who Then Committed Suicide.

New York, Jan. 24.—David Graham Phillips, editor, publicist and novelist was shot six times as he approached the Princeton club by Fitzhugh Coyle Goldsborough, a Harvard man, who immediately after committed suicide.

Phillips is at Bellevue hospital in a critical condition, but, as relatives express it, "with a chance for life." The body of Goldsborough, whose career at

DAVID GRAHAM PHILLIPS

Harvard was brief, lies in the morgue. Apparently insane, he had a fancied grudge against the author. He was only thirty-one years old. Phillips is forty-three.

"There you go," said the assailant as he opened fire, "and here I go," he re-echoed when he sent a bullet into his own brain. He used an automatic pistol and all six shots aimed at Phillips took effect. One of them perforated the abdomen, another pierced the right lung and came out at the back, a third shattered the left wrist and a fourth drilled the right thigh. Two of them dropped from the wounded man's clothing as he was being undressed at the hospital. The most dangerous wound is thought to be that through the lung. Septicaemia and pneumonia are the two secondary effects feared.

DEFENDS REPORT

SENATOR GAMBLE ANALYZES EVIDENCE OF COMMITTEE.

LORIMER A CLEAN BILL

Contends No Evidence Was Adduced to Connect Illinois Man With Bribery.

Washington, Jan. 24.—Supporting the findings of the majority of the subcommittee of the committee on privileges and elections that investigated the election of Senator William Lorimer (Ill.), Senator Robert J. Gamble (S. D.), himself a member of that subcommittee, addressed the senate.

Reviewing the history of the election of Lorimer and of the investigation of the charges of bribery and corruption by which it had been brought about, Gamble gave a summary of the

testimony of each of those who had appeared before the subcommittee, analyzing it and giving his view of its bearing upon the issue as to whether Lorimer rightfully and lawfully is entitled to his seat in the senate.

Not even by the "prosecution" in the case, declared Gamble, was it claimed that Lorimer directly or indirectly participated in any corrupt practice and no evidence was adduced to connect him in the most remote degree with bribery.

The legislature of Illinois was held up by the speaker as a body in which corruption has prevailed and in which money has been received by members for unlawful and unworthy purposes. Funds had been distributed after adjournment among those who had been responsible for certain legislation, but never had it been shown by any evidence worthy, in the opinion of Senator Gamble, of belief that such funds had been used for the election of a United States senator.

"I feel," said the speaker, "that if Senator Lorimer be guiltless as regards these practices and a sufficient number of votes of the membership who voted for him were not tainted or corrupted, then he should not be made to suffer as a result of a general practice which appears to have been in vogue throughout the different legislative sessions, as affecting matters of legislation solely and disassociated from the election of a United States senator."

The speaker analyzed the vote cast in the election and argued, citing authorities, that even the exclusion of the votes cast for Lorimer and alleged to have been tainted would yet leave Lorimer a clear majority of one.

HOWARD-PAYNE QUARTETTE CONCERT

The concert given by the Howard-Payne college quartet at the M. E. church, South, Monday night was largely attended and all were well pleased with the entertainment given by these accomplished college girls.

One member of the quartet was unable to be present because of a fall on the ice last week that disabled her. President Stout of the college appeared as a soloist in her place on the program, in two tenor solos.

The work of the three members of the quartet, Miss Roloson, first soprana; Miss Myrtle Sheldon of Maryville, second soprano, and Miss Schleef, second alto, was very popular, and they were recalled several times.

The solos by Miss Roloson were among the good things on the program. Her voice is sweetly musical, showing to best advantage in Schubert's song. Every note was given with good tone, and her high notes were especially good.

The singing by Miss Myrtle Sheldon of this city was a great surprise. Her voice has developed wonderfully in power and purity, and it was indeed gratifying and pleasing to her friends to note the ease and grace with which she sang her numbers. She was given every assurance that she was appreciated, and she received several encores.

The reader, Miss Cecile Sheldon, has not missed her calling. Her clear, musical voice, distinct enunciation, intonation and interpretation are delightful. Her changing moods from grave to gay were quite natural, and her sweet, thoughtful reading of Dunbar's "Psalm of Life" was as well done as "Tom Sawyer's Love Affair," and that was inimitable.

Miss Culbertson, the pianist, and Miss Schleef, the violinist, were good, and the whole entertainment was indeed good.

DEATH OF ROBERT NELSON MONDAY

Mr. Nelson had lived in Nodaway county for many years. He was born May 30, 1846, in Orhouse, Denmark, making him nearly 65 years of age at the time of his death. When 21 years of age he came to America and soon after settled in Nodaway county, Missouri, near Guilford. In 1870 he married Miss Mary Nelson, a daughter of Jacob Nelson of that neighborhood. Mrs. Nelson and four children survive. The children are: Mrs. Thomas A. Ivie and John R. Nelson of near Guilford; Jacob B. Nelson of near Bismarck, N. D., and Albert Nelson, at home.

"DEACON" PARTRIDGE HAS A GOOD JOB

Theodore Partridge, the youngest son of Mr. and Mrs. George Partridge, formerly of Maryville, but now of Cherokee, Okla., has made business advancement in the past four years, when the family left Maryville, that is not often accomplished by a young fellow of his years—about twenty-three.

"Deacon," as he was known to the boys around town, was employed in a grocery store at Cherokee for a short time after the family moved there, but soon went to work at the depot station there, which is on the Kansas City, Mexico & Orient railway, handling freight and baggage on the platforms—in short, general utility man.

"Deacon" soon became a general favorite among officials and employees, because of his never-failing good nature and big, goodlookingness, none of which he could help, and he was all the time being given a little more work of a responsible sort, and he became more and more good-natured about it.

One day he was much surprised to receive notice to go to Fairview, Okla., and take charge of the company's division work there. "Deacon" grinned in that funny way of his, we imagine, and went right at his new job, where he has been for two years.

Last week he was notified of his appointment as traveling passenger agent of the road, with headquarters at Wichita, Kan., and he has gone there to begin his work. And we're thinking that he is still smiling. He has walked right around a dozen men to his present place.

Theodore Partridge's brother, Edwin Partridge, is general traffic manager for the Southern Pacific railway, and lives at Tucson, Ariz. Both young me nworked every step of the way to the places they occupy.

FRISCO TO HOLD EXPOSITION

Show Will Be Held With or Without Official Sanction of Congress.

San Francisco, Jan. 24.—Both houses of the state legislature adopted a concurrent resolution again appealing to congress to invite the nations of the world to participate in the Panama-Pacific exposition in San Francisco in 1915. The most notable feature of the resolution is a carefully worded assurance that the exposition will be held, with or without the official sanction of congress.

After reciting that the sum of $17,000,000 has been pledged by the state of California and the city of San Francisco for the exposition and that not one dollar of federal aid will be sought, the resolution declares that "we do hereby agree that in the event that congress shall cause such invitation to be extended, the government of the United States will never be asked to assume any liability on account of said exposition or to appropriate any sum of money whatsoever in aid of the same."

THE MOST POPULAR LADY CONTEST.

Vote Last Night at the Crystal Was Light.

The vote at the Crystal last night was light because no candidates had been announced. In fact, none will be announced until they receive some votes. This contest is "a free for all race," and the more who enter the better it will be. The patrons are requested to write on the coupons furnished them the name of the most popular lady who attends the Crystal. The lady having the greatest number of votes at the end of the second act Saturday night will be awarded a beautiful gold watch after the last act. This watch is now on display at Raines Bros.' jewelry store, where it may be seen and inspected. This watch is guaranteed for twenty years and is sold under their guarantee. It will positively be given away Saturday night to the lady having received the greatest number of votes. Get busy, girls, and win a prize that is worth while.

The standing of those voted on last night is as follows:

Miss Bessie Dowden	13,000
Miss Margaret O'Donnell	2,500
Miss Bert Rowley	2,000

No doubt others will enter the contest, and it is expected that tonight's vote will bring the leader up many thousand votes. No one can tell who will win until the end of the contest, but the standing of the contestants will be thrown on the screen each evening, and a pretty good estimate can be had.

"La Belle Marie" was played to a good house last night, and was appreciated throughout. It will be repeated again this evening. The ticket sale is good today, and a large house is expected tonight. Eliza Hiatt, the new comedian, and Jay Ray, the latest addition to the Crystal Stock company, both appeared to advantage last night. The Crystal Stock is certainly making good, judging from the patronage which they have. The question now before the patrons is "who is the most popular lady who attends the Crystal?"

ALDRICH TO CATCH SEA FISH

Senator Plans to Spend Several Weeks on Houseboat.

Brunswick, Ga., Jan. 24.—Senator Aldrich is vastly interested in catching fish at present and is not concerning himself about the tariff or what the insurgents may do.

The senator, who is a guest at a club on Jekyl island, came over to Brunswick to make final arrangements for a long fishing excursion. He has chartered the large steamer Attaquin, has had it fitted up as a houseboat, and intends to spend more than a month on the vessel in these and nearby waters.

Senator Aldrich will be accompanied on his fishing cruise by his wife and son, who have joined him at the Jekyl island clubhouse. He is looking much better and says his health is greatly improved.

WRITES ABOUT COUNTRY IN MONTANA

Knowlton, Mont., Jan. 14.—Editor Democrat-Forum: Inasmuch as things have been moving at such a swift pace in this part of the great commonwealth of Montana, and, whether they will or no, carrying on to their destiny a good many from Nodaway county, I take it that a few items might prove interesting.

Year has succeeded year until we have passed the stage of "tenderfoot" and begin to be looked upon as a comparative "old timer," at least by the new comers. We have seen this country gradually emerge from an absolute range country to a land by no means to be despised by the tillers of the soil. The development of the past year has been something wonderful. Hundreds of people have located in the eastern part of Custer county, and with steam plows and threshers have made a great change; in fact they are revolutionizing conditions. The range stockman is being compelled to reduce or close out his herds and flocks, and the owners of large tracts of land often find it more valuable for the production of grain than beef and mutton. Another effect of the increased population has been to make it desirable to form a new county in the eastern part of Custer, and this move has called two of your former residents from the "even tenor of their ways" and the "peaceful pursuits of agriculture" to be servants of the people. Should the bill creating Burt county pass the legislature, William H. George, formerly of Hopkins, who, in partnership with his brother, C. T. George, owns and operates a large stock and grain ranch, will be county assessor. The bill also carries the name of the writer as county commissioner. We are in no way looking for a political job, but hope to have the measure pass. Of other former residents, can say they all seem to be doing well. Samuel Kochel and family reside in our neighborhood, also Harry B. Anderson, formerly with the Maryville Furniture company. Both have good, well improved places. There are several others here from the "show me" state, and I have not heard any of them express an inclination to return.

We expect many more settlers this year. The most desirable public lands have been taken, but there is yet a great deal of land that will be entered by the homesteader. However, it is not likely that any desirable land will be long without an occupant.

Deeded land has advanced in price at a wonderful rate. Some that could have been bought a year ago at $5 to $7 per acre has recently sold at $10 to $15, and this is absolutely without improvements of any kind.

So far our winter has been very pleasant. No stormy weather and but little snow. We have had a few cold days recently, but as the atmosphere is usually dry it is not so disagreeable as in the lower altitudes.

There have been so many changes in our old home that most of the news items in The Democrat-Forum concern people that we do not know, but once in a while some reference is made to some old friend, so that we always eagerly look through the columns. The Christmas number we enjoyed very much. WAYLAND WOOD.

SCHENK TRIAL NEARS END

Evidence of Alleged Conspiracy Is Ruled Out by Judge Jordan.

Wheeling, W. Va., Jan. 24.—An abrupt stop was put to the taking of testimony in the case of Mrs. Nan Farnsworth Schenk. The state then announced that no more witnesses were to be put on in rebuttal.

This followed an important ruling of Judge Jordan, who, on motion of Prosecutor Handlan, ruled that the testimony of Mrs. Jane Hedges, the only witness offered by the defense to show the alleged conspiracy of the Schenk family to rid themselves of the defendant, should be stricken from the record.

This order of the court completely knocked out the conspiracy allegation weakening the case put up by the defense.

Mrs. Hedges had testified that Albert Schenk had said to her: "John has bought his wife a $6,000 automobile. Every time she goes out in it I hope she will break her neck. I will leave no stone unturned to rid the family of that woman."

Mr. Myers, who was the star witness for the state, had testified that Mrs. Schenk bought the poison from him after John O. Schenk came back from Europe and that she attempted to buy arsenic poison on the morning after the defendant had offered the detective nurse $1,000 to give Schenk the poison.

Dr. Morrison testified that Dr. Myers was an employe of Dr. Thomas M. Haskins, a brother-in-law of John Schenk, and who was also alleged to be implicated in the "conspiracy."

Handlan offered eleven instructions for the state, to nine of which there were objections. Attorney O'Brien presented thirty separate instructions for the defense.

KANSAS SOLONS COME TO BLOWS

State Senators Use Fists to Settle Argument.

Topeka, Jan. 24.—A joint meeting of the ways and means committee of both houses of the Kansas legislature was enlivened by a physical encounter between George H. Hodges, state senator and Democratic candidate for governor at the recent election, and H. E. Ganse, a Republican senator.

The fight followed an altercation in the senate chamber when Hodges called Ganse a liar. Later Ganse accused Hodges of taking an unfair advantage and slapped him. Hodges struck back and the two men scuffled for a few moments before they could be separated. Neither was injured.

The altercation followed a discussion in which Ganse suggested that Hodges might now be holding an office higher than senator if he had spent his time to better advantage during the last campaign than in accusing Governor Stubbs of using $2,000 of his contingent fund to pay grocery bills.

PROBE BEGINS AT DANVILLE

Reporter Testifies That City Attorney Confessed to Buying Votes.

Danville, Ill., Jan. 24.—Vermillion county's investigation into the alleged buying and selling of votes in the last election has started. R. H. Frankenberger, a reporter for a Danville newspaper, went before the grand jury and accused City Attorney Frank W. Jones of having openly admitted that he (Jones) bought votes.

G. A. Martin, a newspaper man from Indianapolis, told the same story to the grand jury as did Frankenberger. Frankenberger told the investigators that Jones had rented a small room in the rear of the butcher shop of H. M. Martin; that here, on the last election day, Jones met a number of voters—approximately seventy-two—instructed them how to vote and paid them; that later, Martin, who is Frankenberger's father-in-law, and not related to the newspaper man from Indianapolis, asked for and was shown the list of men Jones is alleged to have paid, and that his (Martin's) name appearing thereon for $5 as office rental, was erased; that Martin had told his story to Frankenberger and the telling was the reporter's only knowledge of this much of the story.

Sample Helps Frail Women

So many women are dragging out weary lives just because their digestive organs are weak. The result is poor circulation, nervousness and the verge of invalidism. It is often very unnecessary and the woman's own fault.

The first thing to do is to look to the welfare of your bowels. There the trouble usually lies. All physicians know that a large percentage of women are habitually constipated, and from this results indigestion, piles, weariness, etc., that women constantly complain of. But there is no use taking "female remedies" and things of that kind until you have started your bowels to moving. You will find that when the bowels move regularly once or twice a day all your petty ills will disappear. Take a good, mild laxative tonic like Dr. Caldwell's Syrup Pepsin for awhile and you will find yourself rapidly getting better and stronger, your bowels will regulate themselves and work at stated times, and then your headaches and dizziness will disappear. Don't take strong cathartic pills or salts, but just such a mild and pleasant-tasting remedy as Dr. Caldwell's Syrup Pepsin.

You can obtain a bottle of your druggist for fifty cents or one dollar, and either size may be enough to permanently cure you. Thousands of women keep it regularly in the house and will no longer be without it, as it cured them and can be used with safety by every member of the family, down to the youngest child, but if you have never used it take the advice of Mrs. Earl S. Cox, 409 Twenty-fifth street, Moline, Ill., and Mrs. Ellen Dungan, Muncie, Ind., and send to Dr. Caldwell for a free trial bottle, as they did, and learn for yourself what it will do in your own case. That it will cure you, as it did them, there is no doubt.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R 509 Caldwell building, Monticello, Ill.
